

feather-icons

What is Feather?

Feather is a collection of simply beautiful open source icons.

<https://feathericons.com>

```
npm install feather-icons
```

Example:

Simple usage:

App.component.html

```
<i data-feather="circle"></i>
```

App.component.ts

```
import * as feather from 'feather-icons';
```

```
ngOnInit() {  
  feather.replace();  
}
```
